## BASIC ENGLISH

Durante minha juventude tive a oportunidade de aprender o Idioma Inglês, a principio meu intuito era conseguir melhores oportunidades no ramo profissional, mas durante meu processo de aprendizado vi que o Inglês nos abre a mente para um mundo desconhecido, um mundo de informação, um mundo de expansão em comunicação, um mundo mais divertido e um mundo com maiores possibilidades.

Vendo tudo isso acontecendo em minha vida, tive como principal intuito trazer esse "novo mundo" para todas as pessoas em minha volta. Depois de muito estudo, pesquisas e experimentos, criei a Aliança América - Idiomas.

Muitas pessoas colocam o aprendizado do idioma Inglês como uma coisa muito difícil, inalcançável, a Aliança América foi criada para mostrar que essa barreira é possível ser quebrada, que é possível aprender inglês de uma forma divertida e prática. Com criamos os nossos 3 livros de ensino, English For Life, English Conversation e English Pro.

O caminho para se tornar fluente pode parecer desafiador, mas não se preocupe, nós da Aliança América já traçamos ele para você. Gosto muito de um filme que tem como mensagem principal o lema "Qualquer um pode cozinhar", eu digo a você agora: Qualquer um pode aprender inglês.

Nós da Aliança confiamos em você e estaremos dispostos a caminhar juntamente com você durante o trajeto para se tornar fluente na língua Inglesa.

Obrigado por confiar seu futuro a Aliança América.

## BASIC ENGLISH

### INTRODUÇÃO

O "English For Life - Basic English" é o primeiro livro de uma coleção de 3 livros que retratam todo o conteúdo da língua inglesa, desde o básico até as complicadas gramáticas do Inglês.

Diferente dos milhares de cursos e livros que se encontram hoje, os livros Aliança América tem com o intuito ensinar o inglês como uma coisa fácil e rápida de se aprender, que o ensino do idioma depende muito mais de como se aprende, do que de quem está aprendendo. A Aliança América e todos os colaboradores acredita que qualquer um pode aprender inglês, seja uma pequena criança, um o mais velho idoso, todos devem ter a oportunidade de aprender o idioma mais importante do mundo.

As aulas ministradas pelos professores Aliança América contem alguns passos que serão introduzidos para o aluno durante aulas. Essas são aulas são construídas com um grande trabalho de dezenas de grandes profissionais e com demoradas pesquisas.

O livro se consiste em unidades, cada unidade contem 3 aulas e uma revisão, a revisão é um pequeno teste para podermos avaliar o seu conhecimento para prosseguir para as próximas aulas, a cada 4 unidades é feita então o "Quarter Test", é avaliado assim as 4 unidades de estudo. Ao final do livro se encontra o "Final Test" que é a avaliação final das 16 unidades do livro.

Acreditamos em você e em seu potencial, sabemos que um futuro brilhante te espera, e somos gratos por podermos fazer parte dele. Bem vindo(a) a Aliança América - Idiomas.

# QUARTER TEST

## What is Family?

Hi, my name is James, I have a question for you, what is family? There is a lot of different answers for that, but i want to tell you my answer.

Well I have a beautiful family, I have two brothers and a sister, their names are Jonathan, John and Jessica, I am the oldest of them, and of course there are my parents, Carla and Michael. My dad is the best dad ever, he is always playing with us, helping us to become better people and always trying to teach important lessons from his life and my mom is so sweet, she is always making everything easier for us. Yes, my family is awesome.

Okay, I almost forgot to answer the question, "what is family?". Well I think family is that part in your life that makes you stronger, that makes you happy when everything is going wrong, that part you remember when you don't know what to do with your life and you need an answer. If i can answer the question right, it would be that family is everything.

I am only 15 years old, but I know that every decision that I made in my life and that I will make has influence of my family.

My father is a Doctor, I see him helping a lot of people and because of his example I also want to be able to help people, not as a doctor, but as a politician, I want to make a difference just like my father.

I want to know your answer now, but always remember how your family is important.

## James's Time

There was once a boy named James. James was a very good soccer player at school, he wanted to be a professional, but he didn't like to practice very much, so when he was 18 years old, he had the chance to go to a try out for a very good soccer team, and as I said he didn't practice at all, so he failed.

James came back home that day and realised how much time he had lost, but he decided to do something different for his life at the point, he practiced a lot, he did what he should've done during his school time.

Then, after 2 years of hard work and a lot of practice, James tried again to join that amazing soccer team he once wanted to play for, and he finally had success.

James learned how time is precious and how it can be wasted if we don't do what we need to do.

## Questions

Discuss with your teacher the questions below and together try to find a better understanding of the subject

What did you learn from James story?

Why is so important to take control of our time?

Do you think you use your time wisely?

What can you do today to use your time better?
